

ECLIPSE®

ECLIPSE PRP®

The Eclipse Platelet-Rich Plasma system utilizes a patented separator gel technology to isolate the platelets while eliminating nearly all of the undesirable components such as red blood cells and inflammatory white blood cells. Available in both 22mL and 11mL tubes, Eclipse PRP has been used in over 800,000 patient cases worldwide.

ECLIPSE PRP®

A simple system for collecting a high concentration of platelets without inflammatory red and white blood cells.

VOTESSE™

An advanced nutraceutical and topical formula designed to improve hair health through in-office and at-home regimens.

THERADOME®

Easy, comfortable, and convenient low-level laser light helmet that can be used in the privacy of your patients' own homes.

eVive™

Pulse wave therapy device for patients that want results without surgery or prescription drugs.

OUR MISSION

We exist to make products that exceed patient expectations and put immediate profit into our customers' practices. We do that by bringing high-efficacy, affordable technologies to our partners across the globe.
